MEET THE TEACHER

Thank you to our amazing parent community for attending the 'Meet the Teacher' conferences last week. Parents shared valuable information about their child so that teachers can create effective relationships with, and rigorous learning programs for each individual student. The relationship that develops between the student, the parent and the teacher is strengthened by the sharing of information and by regular communication. This is one important part of the effective learning community at GPPS.

ROAD SAFETY

We have recently experienced incidents of drivers parking illegally around the school, particularly near the school crossings. Please help support our efforts by modelling appropriate road safety.
